

I subscribe to XM Satellite Radio. I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM Satellite Radio provides variety and quality that are not available elsewhere. I made a choice to subscribe to XM Satellite Radio specifically to get away from all the unnecessary chatter and advertisements that you are forced to listen to on regular radio stations. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
